Provider Directory

This provider directory was updated per the date displayed at the bottom of each page.

To access Network Health Medicare Advantage Plan's online provider directory, you can visit networkhealth.com/find-a-doctor. For any questions about the information contained in this directory, please call our member experience department at 800-378-5234 (TTY 711), Monday–Friday from 8 a.m. to 8 p.m. From October 1, 2025 through March 31, 2026, we are available every day from 8 a.m. to 8 p.m.

You can get this information for free in other formats, such as large print, braille, or audio. Call our toll-free number at 800-378-5234 (TTY 711).

This directory provides a list of Network Health Medicare Advantage Plans' in-network providers.

You can also use this directory to choose a personal doctor, also known as a **Primary Care Practitioner (PCP)**. Our plans recognize the following specialties as PCPs; family practice, general practice and internal medicine. We highly recommend you choose a PCP, because they can oversee all your medical care. The role of your PCP is to provide routine, preventive and follow-up care, and to coordinate your care when you need to see a specialist or other provider. You can change your PCP for any reason, and at any time. Also, you do not need a referral from your PCP to get services from a specialist.

The in-network providers listed in this directory have agreed to provide you with your health care coverage. You may go to any of our in-network providers listed in this directory. If you have been going to one in-network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from out-of-network providers. Our plan will cover services from either in-network providers or out-of-network providers, as long as the services are covered benefits that are medically necessary. However, if you use an out-of-network provider, your share of the costs for your covered services may be higher.

Out-of-network providers are under no obligation to treat Network Health Medicare Advantage enrollees, except in emergencies. For a decision about whether we will cover an out-of-network

service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our member experience department at 800-378-5234 (TTY 711), Monday–Friday from 8 a.m. to 8 p.m. From October 1, 2025, through March 31, 2026, we are available every day from 8 a.m. to 8 p.m. You may also refer to your Evidence of Coverage (EOC) for more information, including the cost sharing that applies to out-of-network services.

If you do receive services from an out-of-network provider and they bill you directly, please do **not** pay this bill. Instead, send it to Network Health for processing and determination of enrollee liability.

If you have a medical emergency, go to the nearest emergency room, hospital or urgent care center. You may get covered emergency medical care whenever you need it, anywhere in the United States. Emergency services are also covered when you are traveling outside of the United States or its territories. See your EOC for more information about this coverage.

After the emergency is over, you are entitled to follow-up care to be sure your condition remains stable. If your emergency care is provided by out-of-network providers, we will try to arrange for in-network providers to take over your care as soon as your medical condition and circumstances allow. With the exception of emergencies or urgent care, it may cost more to get care from out-of-network providers.
